 MILLBROOK & GREY PATENT PICKLING MACHINES; BLACK PLATE, TIN, LEAD PALM OIL;
 CHILLED AND STEEL ROLLS; MUSHETS' STEEL AND ZERO METAL

Dear Sir.

I beg to state that I would not think of writing you again in regard to the 2 pair of Mint Rolls I am carrying, were it not that I was expecting the receiveds of the Reading Road would send out vouchers in payment of supplies ere this. I have an account there long overdue & several of our Iron firms failed looking up money, this morning again the Norristown Steel Works. ^{put in Trethewey's hands} If the Mint Rolls could be used anywhere else I might work them in, but they cannot. Mr. Trethewey was over Friday & says they are the best Rolls they ever turned out & carry our original guarantee.

If it is possible, I should esteem it a favor if you could order them in. I understand they are needed & I take the liberty of enclosing Warehouse receipt, Insurance Policy ^{& delivery order} which I transfer to you also & leave myself & the Rolls entirely in your hands & much oblige.

Yours Very Truly,
